**WELCOME**

Step into a timeless world of wonder with Australia’s favourite steam train: Puffing Billy, located in the heart of the Dandenong Ranges. Recognised as one of the finest preserved steam railways in the world, Puffing Billy operates every day of the year, except Christmas Day, thanks to the tireless efforts of our volunteers.

Built in 1900 to serve the local communities that lived in the hills, carrying anything from passengers to timber, livestock, potatoes and plants, the Railway is now a major tourist attraction that invites visitors to come and experience a century old tradition.

Ride in open sided carriages over the hill, down the valley and into the forest on the original mountain track between Belgrave and Gembrook and enjoy the simplicity and beauty of the region.
